Back by popular demand, this workshop will have everyone’s hands busy! Join us for a fun day of learning to create and play with puppets. In this workshop, you will learn techniques that you can apply *immediately* with the students/clients you work with now. Participants will partake in experiential exercises.

Inga Park-Okuna presented parts of this highly successful workshop several years ago. The puppets created at the previous puppet-making workshop have been used and loved by many and there have been numerous requests for an opportunity to create more. A resource on using puppets in therapy for treatment and assessment will be provided to workshop participants. Inga would like to help therapists to feel confident in their ability to use puppets in their work with children and families.

This is HAPT’s first full-day workshop! This is in response to many members requesting for an all day workshop, particularly our neighbor island members flying in. Active HAPT members will be able to attend this workshop for FREE, with a \$5 supply fee. The supply fee will be used to provide essentials to creating your puppet. Non-members of HAPT are welcome to attend for a \$65 fee (which includes their supply fee). Participants are encouraged to order their lunch on-site by reserving one in advance. Registration deadline will be April 26, 2008 to ensure lunch orders. We look forward to seeing you there! Any questions, please feel free to contact Program Chair, Michelle (Kaya) Birdsall (ewabgirl@yahoo.com).
